## Department of Health Care Services Children's Medical Services Network (CMS Net) - Information Bulletin #247

### Update of CCS Restricted Enteral Products List

An updated "[CCS Restricted Enteral Nutrition Products List](#)" has been posted on the [CMS Net website](#).

This tool provides a list of the majority of enteral nutrition products that are **restricted** and that can be authorized by CCS. The following information is provided on the list in order to assist CCS case managers with authorizing enteral nutrition products:

- Products (over 500 products and versions)
- Classification of Products According to NL: 22-0805
- Product Age Group
- Common Indications
- Product Form
- Quantity Per Unit and Case
- Product Flavors
- Product Code
- Manufacturer (hyperlinks provided for more product information)

Additionally, a new list has been added titled "[Nutrition Related Products That Are Not Restricted](#)". This list is intended to provide a list of products that are **not restricted** (and often are confused with restricted products). They can be obtained under the Service Code Groupings 01 or 02.

These lists are to be used in conjunction with other enteral nutrition product tools which are located on the [CMS Net website](#):

- [Restricted Drug & Enteral Products' Billing Units Tool](#) (October 2007)  
This list is intended to provide information on billing units only.
- [Regular Infant Formulas: Medi-Cal Non-Benefit Status-TAR2](#) (September 2007)  
This list is intended to provide a list of non-benefit regular infant formulas
